## PHOTOPLAY

THE FIFTH STRING.....TWO REEL SELIG  
John Phillip Sousa, the March King, wrote this story of a musician's  
supernatural ability gained at the cost of his life. The Devil appears in a  
cloud of smoke and gives the young musician a magic instrument, having  
five strings. On one string of which, if any player plays he will die, but  
on the other four he could make powerful music, even powerful enough to  
win the reluctant lady of his choice. But when he touched the fifth string  
the charm was broken and he paid the forfeit.  
ALKALI IKE AND THE WILDMAN.....Escanay Comedy  
Alkali Ike is a cowboy who agrees to masquerade as a wildman after the  
original one escapes from the show tent. Later he himself flees to the woods

## GENERAL WAGNER TAKEN BY DEATH

Former Head of Battle Anniversary  
Commission Dies Suddenly at his  
Home. Sudden Death at Fairfield.  
Other Deaths.

General Louis R. Wagner, for several years head of the Fifth Anniversary of the Battle of Gettysburg Commission, died early Thursday morning at his home in Philadelphia. He was in his 76th year.

General Wagner attended a meeting of the board of trustees of the New York Life Insurance Company Wednesday morning, returned to Philadelphia and conducted a meeting of the City Trust, which has in its keeping large estates, including that of Stephen Girard, and at night attended church. A few hours later he became seriously ill.

General Wagner was born in Germany and came to this country with his parents when he was 9 years old. He served in the Civil War as a member of a Pennsylvania regiment and was rapidly promoted, being mustered out as a brevet brigadier general. He was elected head of the Grand Army in 1880.

He was president of the Third National Bank, Philadelphia. He was a prominent Mason and church worker, and was well known for his charities and interest in the welfare of various charitable institutions.

General Wagner was known personally by many Gettysburg people and, through his work in connection with arrangements for the recent anniversary, to many more.

## MRS. SARAH SHEPARD

Mrs. Sarah Shepard died very suddenly at her home in Fairfield on Wednesday evening from the effects of a stroke. She was aged about 70 years.

She has for many years lived with her mother, Mrs. Rebecca Grimes, who in July celebrated her ninety-third birthday. A sister, Mrs. John Wright, lives in Jacksonville, Florida. Mrs. Shepard was a loyal member of the Methodist church.

Funeral services were held at her late home this Friday morning at 8:45 o'clock and were conducted by her nephew, Rev. Richard Koontz assisted by Rev. D. W. Woods, after which the remains were taken by special train, supplied by her nephew Frank A. Wright of Washington, D. C. to Reisterstown, Md., for interment in the family lot.

## WILLIAM J. STINE

William J. Stine died in Philadelphia, on Tuesday, after several days' illness from pneumonia, aged about 50 years.

He was a son of the late John R. Stine, a prominent business man of Hanover. Surviving are an only son, Clair S. Stine, of Philadelphia, and a daughter, Mrs. Austin S. Thomas, of Hanover.

He is also survived by three sisters, Mrs. Ella Ruth and Mrs. Elmer E. Wentz, of Hanover; and Mrs. John R. Bittinger, and three brothers, J. Henry Stine, of Gettysburg; Robert Stine, of St. Paul, Minn.; and Dr. Charles E. Stine, of Nazareth, Pa.

The funeral was held in Hanover today.

## ISAIAH E. PALMER

Isaiah E. Palmer, a native of Littlestown, died in Hanover Wednesday afternoon aged 49 years, 8 months and 13 days.

He leaves a widow, who was Miss Alice King, daughter of the late Jacob E. King, of Adams county, and eleven children all in Hanover. Also, two brothers, John Palmer, of Harrisburg, and Eli Palmer, of Bonneauville, and three sisters, Mrs. Mary Richtsine, of Hanover; Mrs. John Davis, of Littlestown; and Mrs. Lydia Lohr, of Shildt's schoolhouse. There are five grandchildren.

Funeral in Hanover on Saturday.

## CHARLES CURRENS

Charles Currens died in Thurmout on Thursday.

As a member of Company C. Cole's Cavalry, Mr. Currens was one of a party of five who were captured at New Market and sent to Andersonville prison. Four of them were wounded just before capture while the fifth had his horse shot from under him. Two of the five died in Andersonville and three survived. Theodore McAllister of East High street is now the only one living.

## ENJOY FOURTH ANNUAL BANQUET

One Hundred and Fifty Present at  
Banquet of St. Francis Xavier  
Beneficial Society. St. James  
Choir Given Supper.

The fourth annual banquet of St. Francis Xavier Beneficial Society was held Thursday evening in Xavier Hall with seventy five members and an equal number of guests present. Included in the number were members from Fairfield, Bonneauville and McSherrystown.

A supper of turkey, oysters, sauerkraut, potatoes, cranberries and many other good things was served by the wives and mothers of the committee in charge, Nicholas Redding, Edward Sanders, Joseph Smith, Clarence Breighner and Edward Thomas.

Following the banquet a number of speeches were made, William McSherry Esq., presiding and acting as toastmaster. The addresses were all marked by considerable humor and they proved highly entertaining. Among those who responded were Rev. W. F. Boyle, E. P. Wisotzky, president of the society, George Kebel, Frank McDermitt and C. E. Swisher.

After several hours of enjoyment the banquet came to a close, generally declared to have been one of the most successful in the annals of the society.

## Choir Banquet

The council of St. James Lutheran church on Thursday evening entertained the choir at a turkey supper in the social rooms of the church. The supper was served by the mothers of the young ladies in the choir. The members of the council also took part in the banquet and speeches were made by Rev. J. B. Baker, E. P. Miller and C. S. Reaser. After the banquet the remainder of the evening was spent as a "social".

## DEED TO BONNEAUVILLE

Historic Old Document in Henry Myers' Possession.

Henry C. Myers, the produce man of Bonneauville, has in his possession a rare old deed, which covers the tract of land on which the town of Bonneauville now stands.

The deed is accompanied by a plan of the tract containing the names of the owners of adjoining tracts of land in that section over 170 years ago. The deed and plan are on parchment, and the writing and drawing is as legible as when they were made.

By the deed, a tract of land containing 66 acres and 40 perches, located in Mountpleasant township, York County (formerly Lancaster County, now Adams County) Penna., was transferred by Henry Vandike to James Brinkerhoff, on September 19th, 1789.

This plot was part of a tract belonging to Thomas Patterson, called "Beautiful", which was surveyed Dec. 23d, 1769, and returned in pursuance of a warrant dated Feb. 6, 1743.

The deed was made by Henry Vandike and his wife "Jenny", and was witnessed before Justice of the Peace David Beatty, by John Hamilton and John Monfort. The consideration was "189 pounds, 4 shillings and 6 pence". (About \$965).

## NARROW ESCAPE FROM BURNING

Handy Pitcher of Water Saves Mrs. Reindollar when Clothing Takes Fire. Driving Accident Near Hagerstown. Other Mishaps.

Mrs. C. B. Reindollar, of Fairfield, had a very fortunate escape at her home recently from serious burns as the result of a match head flying off when she attempted to strike it. The match head alighted on her shoulder and set fire to her clothing. A pitcher of water happened to be near by, with which Mrs. Reindollar promptly extinguished the flames.

## Ugly Driving Accident

While returning home from the Curtis Swope sale on Thursday Roy Bollinger and his father-in-law, Mr. Beard, were thrown from the former's buggy when the horse ran into a gutter at the side from the road. Both sustained slight bruises, the buggy was reduced to kindling wood and the horse had a leg broken requiring its being killed.

## Leg Broken

Willis Geesey, residing near Abbotstown, had the misfortune to slip on the ice at his home on Tuesday evening, and sustained a fracture of one of his legs near the ankle. Dr. W. F. Hollinger set the fracture.

## TYPHOID AGAIN

Unable to Stamp out Disease on Poist Farm.

Ralph Hershey, residing along the Oxford Road, near McSherrystown, is suffering from typhoid fever.

Mr. Hershey lives on the property formerly owned by the late Philip Poist, where there was an epidemic of typhoid fever two years ago, when nine members of the Poist family were ill about the same time, and were later taken to the York Hospital, where the father and one daughter, Miss Mary, died from the disease.

The property was bought by Joseph Keagy and the following year was rented to Joseph German. While this family lived at the place, his grandson, Oscar Kefer, became ill with typhoid fever, and his condition was alarming, though he eventually recovered.

Where the disease originates is not known, but after an examination of the premises by health officers during the illness of the Poist family it was thought to come from well water.

Several other cases of typhoid fever also developed in that section during the past two years, all of the parties using well water instead of the hydrant. Those afflicted with the disease were Mrs. Henry Noel, Charles Keagy, son of Henry Keagy, and Stanislaus, son of Mr. and Mrs. Frank Noel. A boy by the name of Myers, on the John Poist property, was also ill with the disease last Summer.

## MINSTRELS COMING

John W. Vogel's Big City Minstrels Coming here.

An occasional visit of a minstrel show is a good thing for the theatre goer. Wearied by problem plays, melodramas and comedies, the stately presence and sparkling conversation of the interactor appeals restfully to him, while the familiar quips of the end man are hailed as old friends returning from a long journey, and it is all very lovely. This statement is especially true of as good a minstrel show as John W. Vogel's Big City Minstrels are presenting, which comes to the Walter's Theatre Friday night, January 23. There is just enough newness about it to please, and just enough of the old-time flavor to relieve it from any charge of iconoclasm. And the fact that the past sixteen years demonstrated enthusiastic approval of every item of the bill, would indicate that John W. Vogel's aggregation has made good—advertisement.

## CHURCH STRUCK BY LANDSLIDE

Rev. Ira W. Trostle's Church is Badly Damaged when Land Slides against Wall. Pipe Organ Ruined. Had Narrow Escape.

Rev. Ira W. Trostle, formerly of Arendtsville, and a graduate of both the College and Seminary had his church at Millvale near Pittsburgh badly damaged by a landslide.

The thaw caused the ground to slide on a hill back of the church, which the Rev. Mr. Trostle is pastor, carrying away a heavy retaining wall and crushing into the church. A hole 20 feet square was torn into the brick wall of the building. The pipe organ was crushed to pieces, causing a loss of over \$2,500. A little girl working in the church narrowly escaped from being crushed.

Pittsburgh papers comment on the Rev. Mr. Trostle donning an old suit of clothes and rubber boots and with pick and shovel helping to clear away the dirt so that services could be held on Sunday as usual.

## BENDERSVILLE

Bendersville—A kitchen shower was recently tendered Mrs. Morris Paxton at the home of her parents, Mr. and Mrs. Reuben Peters, Bendersville station. The annual election of directors for the Bendersville National Bank was held Tuesday and the following officers and directors were re-elected: president, Dr. J. G. Stover; vice president, S. B. Gochnaur; secretary, Wm. C. Yeatts; Waybright Rice, Lanson Warren, Wm. Snyder, Jacob Snyder, Elmer Miller, Frank Garretson, Cashier, I. C. Bucher.

Miss Mary Routsong is visiting friends in Harrisburg.

Mrs. Sophia Tipton has returned to her home on Main street after a visit of several months with relatives in Reading.

Walter Wright, a former plumber of Harrisburg, moved Tuesday to his home on Main street.

Miss Gail Lerew, daughter of Mr. and Mrs. Charles Lerew and Lawrence D. Jacobs, of Arendtsville, were married at Hagerstown, Saturday January 10.

Mrs. E. H. Raffensperger, of Longsdorf, Cumberland County, is visiting at the home of Mr. and Mrs. Harry Raffensperger.

Roland Reed has returned to Middletown, Conn., after spending several weeks with his mother, Mrs. Zebiah Reed.

## MUST SHOW AUTO TAGS

Failure to Display Them Will Mean Arrest on Sight.

Owners and drivers of motor vehicles in this State must have their 1914 license plates displayed on their machines after this date or be liable to arrest. The State Highway Department has issued a warning to all motor vehicle owners to this effect. The automobile division of the department, by working night and day, Sundays and holidays, has finally caught up with the applications filed and is now sending out license cards and plates on the day that the application is received. Leniency toward delinquents, owing to the rush of applications received at the department in the closing days of last year, is now withdrawn.

## BIG DAM BURSTS, FLOODING VALLEY

People in Its Path Rush to  
Hills For Safety.

### NO LOSS OF LIFE REPORTED

Flood From Broken Reservoir at Dob-  
bin, W. Va., Causes Widespread De-  
struction.

Cumberland, Md., Jan. 16.—Residents  
of the Stony river valley, below Dob-  
bin, W. Va., were sent into terrorized  
flight and much alarm was caused in  
towns along the north branch of the  
Potomac river by the bursting of the  
great dam of the West Virginia Pulp  
and Paper company.

No loss of life has been reported,  
the people apparently having received  
warning in ample time to flee to high  
lands, but the destruction of property  
has been heavy.

The great wall of water let loose by  
the dam swept everything before it in  
the Stony river valley and poured into  
the Potomac at Schell, W. Va.

At Harrison, W. Va., forty-seven  
miles west of Cumberland, the water  
rose to a height of thirty-five feet. The  
torrent tore down the Western Mary-  
land railroad bridge washed out the  
railway tracks and wrecked many  
homes. The loss to the railroad alone  
was estimated at more than \$200,000.

When the flood reached Blaine and  
Harrison it was sweeping everything  
before it. Piedmont and Keyser also  
suffered severely.

All wires are down in the valley  
and the stricken towns are cut off  
from communication. The county  
bridge at Mount Storm was also swept  
away.

Cumberland is more than sixty miles  
from the source of the flood, but all  
residents of the lowlands have been  
advised to flee from their homes. They  
carried their possessions to the hills.

Cracks were discovered in the dam  
and the gates in the big concrete  
structure were opened to let out the  
water and lessen the strain on the  
weakened dam, whose breast was 1075  
feet long and which held back more  
than 3,000,000,000 gallons of water.

Later the cracks were reported as  
being more serious and word came  
that the dam was leaking badly at  
both ends. Efforts to stop the leaks  
and to lessen the stress on the struc-  
ture through the sluice ways were un-  
availing and successive sections of the  
dam went out and the report came  
that the entire structure had crashed  
and that a great wall of water was  
sweeping in its path down the val-  
ley.

The first report of a serious break  
came from Piedmont, W. Va., which is  
twenty-five miles east of Schell, where  
the Stony river empties into the Po-  
tomac. This said that forty feet of  
the dam had given way, letting loose a  
great flood of water. This report also  
said that a twenty-foot wall of water  
was rushing down the valley and that  
the people of Schell had fled in terror  
to the hills.

Later another large section of the  
dam gave way and the news came that  
another great wall of water, estimated  
by some as fifty feet high, was com-  
ing down the Stony river valley to-  
ward Schell, sweeping everything be-  
fore it. The flood from the first break  
was twenty feet high, according to  
reports received at the offices of the  
Western Maryland railroad at Cum-  
berland.

The dam is 1075 feet wide at the  
breast, backing the water up for three  
and a half miles and holding three  
billion gallons of water. It is 90 feet  
high on the outside, 65 feet on the in-  
side and built on a concrete founda-  
tion 60 feet deep.

### FEAR FOR 300 ON SHIP

Liner Dania Three Days Overdue at  
Havana.

Havana, Jan. 16.—Wireless reports  
received by local agents of the Ham-  
burg-American line stated that no  
trace had been found of the steam-  
ship Dania, which has 300 passengers  
on board.

The vessel, which was bound to Ha-  
vana from Europe, is three days over-  
due. Friends and relatives of the pas-  
sengers besieged the steamship office  
seeking news.

They were told that none yet had  
been received, but that the vessel  
probably had been delayed by storms  
on the Atlantic and her short range  
wireless apparatus had prevented her  
communicating with other vessels.

**Williamsport Man Hanged.**  
Clearfield, Pa., Jan. 16.—John O.  
Keeler, of Williamsport, was hanged  
here for the murder of Joseph Roess-  
ner, of this place, two years ago. The  
condemned man showed no fear as he  
went to the scaffold. The execution  
was the last in the county by hanging.

**Woman State Chairman.**  
Denver, Colo., Jan. 16.—Mrs. Ger-  
trude A. Lee became state Democratic  
chairman of Colorado when George T.  
Bradley took up his duties as state  
railroad commissioner. Mrs. Lee is the  
first woman chairman of a Democratic  
state organization.

**Man, 70, to Wed Widow, 28.**  
Altoona, Pa., Jan. 16.—A marriage  
license was issued at Hollidaysburg to  
William Fornwalt, seventy, and Mrs.  
Anna Croyle, twenty-eight, both of  
Williamsburg.

**Smiths in England and Ireland.**  
In England the Smiths are the most  
numerous of all families, but in Ireland  
they are content to rank fifth, after  
Murphy, Kelly, Sullivan and Walsh.

The city of Kagoshima, Japan, with  
64,000 inhabitants, was totally de-  
stroyed by a flood of fire from the  
Sakura-Shima volcano, which burst in-  
to activity on Jan. 11. The three vil-  
lages on the island of Sakura were  
blotted out by the molten lava which  
poured from the crater, and 15,000 per-  
sons are believed to have perished  
there. Many thousands of persons are  
feared to be dead.

## INDICT MOYER FOR CONSPIRACY

Found by Grand Jury Probable  
Copper Strike.

Houghton, Mich., Jan. 16.—Charles  
H. Moyer, president of the Western  
Federation of Miners, was indicted  
for conspiracy, together with other of-  
ficials of the federation, in connection  
with the strike of the copper miners.

The first count of the indictment  
charges conspiracy to prevent by force  
and arms the pursuit of their voca-  
tions by employees of the mining com-  
panies.

In its presentment to Judge P. H.  
O'Brien, in the circuit court, the spe-  
cial grand jury which has been inves-  
tigating lawlessness arising from the  
copper miners' strike, said that none  
of the men accused of felonies was in  
custody and their names were kept  
secret.

John E. Antilla, secretary of the  
Calumet union, was indicted for con-  
spiracy, the court announcing that this  
bill charged a misdemeanor and there-  
fore could be made public.

The jury exonerated H. Stuart  
Goodell, an oil merchant, of complicity  
in one of the strike shooting affrays.

The indictment also includes charg-  
es against Charles H. Moyer, presi-  
dent; C. E. Mahoney, vice president;  
Guy E. Miller, Yanco Terzich, J. C.  
Lowney and W. P. Davidson, members  
of the executive board of the Western  
Federation of Miners. Lynn Sullivan,  
William Rickard, Ben Goggia, Frank  
Altoun, Charles E. Hietala and other  
union leaders also were named.

### URGE U. S. TO BUY CANAL

Ask Congress to Purchase Chesapeake  
& Delaware Water Way.

Washington, Jan. 16.—Governor Mil-  
ler, of Delaware; Mayor Preston, of  
Baltimore; Mayor Donnelly, of Trenton,  
and Representative Moore, of Penn-  
sylvania, headed a delegation of  
Maryland, Pennsylvania, Delaware and  
New Jersey business men who ap-  
peared before the house rivers and harbors  
committee to urge the purchase by the  
government of the Chesapeake & De-  
laware canal.

It is proposed to purchase the canal  
as a part of the interoceanic waterway  
system, extending from Maine to Flor-  
ida.

"There is no sentiment about this,"  
said Governor Miller. "It is a purely  
business proposition. The acquisition  
of this canal as a link in inter-coastal  
waterways will be of benefit to mil-  
lions of persons along the Atlantic  
seaboard. The purchase of the canal is  
absolutely essential to the inter-  
coastal plans and I believe will mean  
cheaper freight rates and cheaper  
prices on commodities to the con-  
sumer."

Other speakers argued along the  
same line, and Mayor Preston asked  
the committee to acquire the canal at  
the earliest possible date. The esti-  
mated cost is \$2,500,000.

**Woman Burned to Death.**

san Vanness, seventy-two years old,  
while cooking breakfast at the home  
of her son-in-law, Charles J. Demar-  
est, at Woodbridge, fell against the  
gas range so that her clothing caught  
fire. Before members of the household  
could be aroused her clothes were all  
burned from her body and her death  
soon followed.

**Williams Being Grilled.**  
Washington, Jan. 16.—Investigation  
of President Wilson's nomination of  
John Skelton Williams for controller  
of the currency and member of the  
federal reserve board, was continued  
in the senate banking committee. Ad-  
ministration supporters were confident  
it would be reported favorably to the  
senate.

## RESCUED FROM SMOKING LAVA

33 Saved by Warship From  
Foot of Volcano.

### THINK ALL OTHERS DEAD

Survivors Tell Graphic Story of How  
People Were Killed by Volcanic  
Rocks and Others Caught in Boiling  
Lava.

Kagoshima, Japan, Jan. 16.—Thirty-  
three persons, men and women, ter-  
ror-stricken and nearly starving, were  
rescued from a cave near the shore on  
the island of Sakura, devastated by the  
Sakurashima volcano.

Their rescuers, a band of sailors  
from a Japanese warship, had to dig  
their way through hot ashes and warm  
lava six feet deep.

So far as is known these are the  
only people caught on Sakura when  
the volcano burst into eruption who  
escaped death. There were 15,000 in-  
habitants. Five thousand of them es-  
caped to the mainland during the day  
of Jan. 12, before Sakurashima burst  
into full eruption. A few hundred are  
supposed to have escaped in small  
boats during the first hour of the dis-  
aster, although many of these boats  
were swamped.

The sailors had to dig and waded  
their way to the cave's entrance,  
where those rescued had taken refuge,  
and carried the men and women back  
to the boat.

From these survivors came the first  
graphic stories of men, women and  
children overcome in their attempted  
flight. Many, they said, were struck  
down by volcanic rocks, and hundreds  
were caught in rushing streams of  
boiling lava and seen no more. They  
themselves had taken refuge in the  
cave until the rain of ashes and lava  
had ceased. They were then unable to  
venture forth, being marooned by half-  
cooled lava and ashes.

A refugee gives a graphic picture of  
the overwhelming of villages by the  
earthquake and eruption. "The earth-  
quakes began on Sunday," he said,  
"and the people spent a fearful night  
in the gardens. In the morning flaming  
boulders descended and set fire to the  
houses. Women and children fled and  
were followed by the men. Red hot  
ashes blinded and burned them.

"There were no boats on the shore,  
and most of the refugees had to wait  
for the coming of rescuers; others  
with lamentations flung themselves  
into the sea, crying that they preferred  
to die in the home of their ancestors.  
One by one swimmers were drowned  
or killed.

"Pumice stone and lava spurted  
from the craters; a scarlet vapor ob-  
scured the heavens; the roar of the  
volcanoes was like the sound of a  
thousand thunders. The whole island  
shook and oscillated like a swinging  
paper lantern. Plants and trees with-  
ered and whitened mounds of ashes  
formed before us.

"The earth itself reared like a wild  
horse and knocked us down; poison-  
ous gases choked our nostrils and  
crazed cattle charged, instinctively  
seeking the sea."

### DEFENDS DEAD FIANCE

Refuses to Believe Southern Railway  
Official Was Suicide.

New York, Jan. 16.—Miss Nellie Pat-  
erson, the pretty Brooklyn fiancee of  
Richard D. Lankford, vice president  
of the Southern Railway company,  
who was found dead from gas poison-  
ing in his Pacific street home, de-  
clared positively that his death was  
accidental.

Although on the verge of collapse,  
she indignantly denied the possibility  
of suicide, the claim made by the po-  
lice. She occupies the room adjoining  
her dead fiance, and fears are enter-  
tained that she will lose her mind.  
The woman is thirty-two years old and  
the dead man was forty-three.

Lankford was to have wed Miss  
Patterson on Saturday. For some time  
the two had been busy fitting up a  
home. The couple had known each  
other eighteen years. The wedding  
was to have taken place at the home  
of her brother.

The discovery of Lankford's myste-  
rious death was made by a colored  
maid. She called a bell boy, who found  
the nude body lying on the floor in  
the bathroom.

Gas was flowing from one jet in the  
room. A doctor was summoned. He  
declared that life had been extinct for  
some hours.

In the crack under the bathroom  
door, the police said, they found a  
large bath towel stuffed, while a pil-  
low shut out the escape of gas under  
the window sill. The bathroom door  
was locked.

**Man Predicts Death and Dies.**  
Pottsville, Pa., Jan. 16.—Nicholas  
Goas, an aged resident of Schuylkill  
county, died, thereby fulfilling his own  
prediction. When his son brought him  
the morning newspaper he said: "Well,  
I will read the news and then go home  
to mother." Shortly after finishing the  
paper he had a sinking spell and died  
in a few hours.

**Miner Killed In 100 Foot Fall.**  
Shamokin, Pa., Jan. 16.—Martin  
Misco, a miner at the Richards col-  
liery, fell 100 feet down a manway and  
was killed. He was thirty-five years of  
age and leaves a widow and several  
children.

## GIVE BUSINESS TIME, IS WILSON'S ADVICE

Thinks Corporation Should Have  
Time to Conform to Laws.

Washington, Jan. 16.—New legisla-  
tion prohibiting interlocking director-  
ates will provide ample opportuni-  
ties and time for readjustment of business  
officials in the confidence of President  
Wilson said, forecasting the adminis-  
tration program on anti-trust reform.

From high administration quarters  
came word that the president had  
pointed out to the congressional com-  
mittee the necessity for allowing  
either one or two years for big busi-  
ness to conform to the new law.

Another essential in the trust pro-  
gram emphasized in the determination  
of the president and his advisers to  
make of the proposed interstate trade  
commission an auxiliary not only to  
the courts in carrying out decrees, but  
an actual assistant to big business it-  
self. Under no circumstances would  
the commission fix prices or exercise  
any powers of regulation but, beside  
acting as a bureau of information for  
business, might be given the function  
of mediation in encouraging reorgani-  
zation in conformity with new laws.

Officials close to the White House  
said all the general features of the  
president's plan of action and the  
scope of anti-trust legislation had been  
outlined in the news dispatches. A  
joint session of congress is expected  
to be arranged for next Monday or  
Tuesday, when the president will de-  
liver his message.

### TRAIN RUNS AWAY

Six Coaches and 100 Passengers Move  
on While Crew Is in Lunch Room.  
Tacoma, Wash., Jan. 16.—While the  
crew of an early morning southbound  
train on the Great Northern was in  
the lunch room at Centralia the train  
with six coaches and 100 passengers  
ran away.

A mile and a half from the station  
Express Messenger Atherton, notice  
the train was running at low speed  
and suspecting a hold-up, crawled out  
over the tender with his revolver in  
his hand.

He was astounded to find the train  
empty and, taking the lever, ran the  
train to Chehalis, four miles, where it  
waited for the crew. Members of the  
crew declared that they were victims  
of a prank.

Philadelphia, Jan. 16.—Mrs. S. Weir  
Mitchell, widow of the author and neu-  
rologist, died at her home, just eleven  
days after the death of her husband.  
She was of a retiring disposition and  
scarcely known outside her family.  
Her death is thought to have been hast-  
ened by grief.

# PROGRESSIVE MEETING ENDS

"Drive Out Penrose," Was Cry at Harrisburg Conference.

## THE PLATFORM IS ADOPTED

Declare For Constitutional Convention, Oppose Fusion, Attack Machine and Vote on Suffrage Some of the Planks.

Harrisburg, Pa., Jan. 16.—The state-wide conference of the Washington party was brought to a close by oratory, the text of which was the proposed "political elimination" of Senator Penrose and the "social and industrial redemption of Pennsylvania by Progressives."

James A. Garfield, of Ohio, son of the martyred president and secretary of the interior during the Roosevelt administration; Gifford Pinchot, United States Senator from Pennsylvania, and four Progressive congressmen at-large urged the 400 Progressive party representatives to go back home and fight the Republican and Democratic parties to the last ditch. Gifford Pinchot, hailed as "our next senator," declared: "We have got one task and only one. That one thing is not only to drive out Penrose, but to destroy the system of which Penrose is the flower. We cannot expect to eradicate a system by cutting off the head of any one man."

Former Secretary Garfield said, among other things, in the course of a long address: "There are some things that are worse than the Democratic party, and one is the Republican organization."

Some of the planks in the platform adopted are:

The elimination of "bipartisan machine controlled by Senator Penrose and State Senator McNeel."

Demand for constitutional convention.

Attack upon state senate for defeating and opposing "progressive measures."

Opposition to any alliance with Republicans or Democrats on state or national candidates.

Pledges to support laws providing for initiative and referendum.

Recall of enrollment act and enactment of new election laws.

Conservation of national resources including raw materials for food, shelter and clothing.

Request to next legislature to put woman suffrage in state to popular vote.

Improvement of roads throughout state.

Enactment of child labor law minimum wage law woman's employment act, employers' liability bill and workmen's compensation act.

Regulation or elimination of liquor traffic by popular vote, through the initiative.

Amended by the committee.

STOLEN MONEY FOUND

\$12,300 Taken From Express Company Discovered in Flour Crock.

Connellsville, Pa., Jan. 16.—More than \$12,000 of the \$12,000 stolen by Ralph Wiant, a clerk of the United States Express company here, last Monday, was found in a crock partly filled with flour in the home of Fred B. Wiant, a brother.

Detectives had learned from Miss Margaret Dunnington, of Morgantown, W. Va., that Ralph Wiant, who visited her last Monday night, told her he had left most of the stolen money with a friend in Connellsville.

Fred Wiant's home was searched from top to bottom. Three tons of coal were examined. A crock containing flour was overturned and \$12,300 of the stolen money rolled out on the floor.

Wiant admitted that his brother had called on him Tuesday and asked him to hide the money. Ralph Wiant is believed to have gone to a western city.

TEN LICENSES REFUSED

Court at Media, Pa., Refuses Permits to Fry and Nine Others.

Media, Pa., Jan. 16.—The Delaware county court refused the license of Edward S. Fry and nine others in Chester and Delaware counties.

Fry had a license at the Keystone hotel, in the Ninth ward of Chester, and sensational charges were brought against him during the license court hearings.

The court acted upon twenty-six of the forty-six applications not previously passed on. Of the twenty-six ten were refused and sixteen granted.

Seven of the refused were in Chester, two in Clinton Heights and one in Upper Providence, known as the Rose Tree hotel, near the Rose Tree Hunt club, which had filed a remonstrance against the license.

Man Killed in Building Collapse.

Philadelphia, Jan. 16.—One man was killed and three others escaped with slight injuries when the three-story concrete floors of the moving picture and vaudeville theater in the course of construction at 1622 Market street, collapsed. The accident was caused by the third floor giving way and carrying the other two floors with it. The upper floor was not yet complete. The men were still pouring concrete when the supports collapsed.

Adversity the Lesser Evil.

For one man who can stand prosperity there are a hundred who can stand adversity.—Carlyle.

## WATCHMAN FOUND DEAD

Body Was in Driveway, But How He Was Killed Is Not Known.

Chester, Pa., Jan. 16.—The body of Charles Brennan, night watchman for the John J. Buckley company, park packers, was found lying in a polo of blood on the brick driveway between the by-product building and the slaughter house.

The discovery of Brennan's body was made by Charles Dougherty and John Showell, two men employed in the plant.

Whether Brennan was murdered or met his death by falling out of the second-story door of the by-product building is not known.

Brennan had evidently been dead several hours, as the fire in the boilers were out and the plant cold, indicating that the murder or accident had happened several hours before Dougherty and Showell arrived.

When found the dead man was lying on his lantern, which was clutched in his hand. The glass had been broken into hundreds of pieces and the frame was dented.

There is a large gash on the head of the dead man, and his eyes and portions of his face are discolored. These bruises could have been inflicted with a weapon or may have been the result of a fall.

For the past forty years the federal government has been persistently stocking Pacific coast waters with Atlantic sea food. One of the latest of these transcontinental shipments was a consignment of 3,500 lobsters from the Maine coast that were placed in the waters of Puget sound.

According to statistics recently compiled, the average yield per acre of cereals in the United States is only about 40 per cent of the yield for corresponding crops in Europe. However, the American farmer produces about twice as much grain as the European farmer, but he takes five times as much land to do it.

A few weeks ago an Iowa farmer brought suit against a neighbor for going on to his premises and trapping several skunks. Fifteen years ago this same man would have been considered a benefactor instead of a trespasser. The change of attitude is due to the advance in skunk pelts from 25 cents to \$3 or \$4 apiece.

It is not entirely strange that so many of these girls who start in teaching country and small town schools wind up in the course of two or three years by capitalizing to some very persistent young fellows who, while admiring them for their feminine worth, must also regard highly the pluck and energy which they show in essaying to govern roomfuls of restless youngsters.

What is probably the highest priced truck patch in the world is located on Fifth avenue, in New York city. It is twenty-five feet wide and 108 feet long and has an assessed valuation of close to half a million dollars. The past season this patch produced peas, beans and lettuce, and its owners were the object of envy by a good many who had no garden spots in their own back yards.

The quite common practice of beating a tin pan when a hive of bees begin to swarm seems to trace back to an old English law which required the beekeeper to give notice in this way that his bees were about to swarm and that he was entitled to follow and recover them. If he failed to give this tin pan warning or failed to follow them after he had given it they became the property of the person on whose land they settled.

DIES OF POISON TAKEN IN CAFE

Merchantville, N. J., Man Dead in New York Hospital.

New York, Jan. 16.—A man who, judging from memorandum found in his pockets, was Frank H. Ruth, an insurance agent, of Merchantville, N. J., died in Bellevue hospital from the effects of poison taken in a cafe.

The man's card bore the name of "Frank H. Ruth, New Jersey, state agent of the Insurance Company of the State of Pennsylvania." The head office of the company is in Philadelphia.

14 Rescued From Open Boat.

Boston, Jan. 16.—Fourteen members of the crew of the freighter Grace M. Martine were picked up by the schooner A. W. Perry, after fighting heavy seas in zero weather for several hours in an open boat. They were brought to Boston. The Martine, which Captain H. H. Wallace abandoned thirty miles south of Mictlan, Me., is believed to have sunk.

### SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Lustre and Abundance.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

No Wonder!

The tired business man was found in a state of collapse on the sixth floor of a downtown office building. Restoratives were applied and he sat up feebly. "I'm all right now," he explained; "you see, I wanted to go up to our office on the tenth floor—and there he gasped for breath—I found the elevator—going up!"—New York Evening Post.

Tiny English Church.

The smallest church in England at Fairfield, Romney Marsh, was visited recently by the archbishop of Canterbury. The building, an ancient one, is isolated in a meadow surrounded by water. The six painted box pews were filled with visitors. The parson preached from a high pulpit, and his head nearly touched the oak beams.

## STATE OF NICARAGUA

Has Greatest Area of Any in Central America.

Facts About Character, Resources and History of the Country for Which a United States Protectorate is Proposed.

New York.—Of all the Central American states, Nicaragua has the greatest area. The country is almost exactly as large as New York state.

The population of Nicaragua is about 600,000; that would give about twelve inhabitants to each square mile. There are few Europeans in Nicaragua. The great mass of its population consists of Indians, negroes, mulattoes and mixed races. The population descends chiefly from the native Indians, from their Spanish conquerors and from the slaves introduced during the colonial period. Inter-marriage with other South Americans, and also with Europeans, has further complicated the race situation. Hence in Nicaragua we find half-castes with European features and Indians with fair hair and blue eyes.

Despite the fact that there is hardly any immigration the population is increasing with great rapidity. Among the Europeans in Nicaragua the Spanish element is naturally the most prominent.

The capital of Nicaragua is Managua, a city of some 35,000 people. It is situated on the Lake of Managua. The largest city in the republic, however, is Leon, with about 63,000 people. The chief ports are San Juan del Sur on the Pacific, and Bluefields and Greytown—the latter known to the Nicaraguans as San Juan del Norte—on the Gulf of Mexico.

Nicaragua is a typically tropical country. It is a very rich country naturally. Its three main sources of wealth are agriculture, timber and mining. In agriculture the chief prod-

### HUDSON Six Upkeep Less Than a Four

At one time all Sixes were big, powerful, extravagant. Now we build them in smaller sizes, and by a different method. Thus we have secured all the wonderful advantage of six cylinders, yet have not increased the gasoline consumption. A HUDSON Six will cost you less for gasoline, oil, tires and general upkeep than will a Four of equal power. In a score of contests we have proved this under average road conditions.

Until you drive a HUDSON Six you cannot realize its great advantage. Its smoothness and flexibility are an insurance as well as a delight. HUDSON Sixes are preferred because of high forward speeds, 135-inch wheel-base, motor 4 1/2 x 5 1/2, developing 55 horse-power. Made in Phaeton at \$2250 and Sedan at \$3100. The Six-40 has 123-inch wheel-base, motor 3 1/2 x 5, developing 47 horse-power, gives 13 to 17 miles to the gallon of gasoline, and is, we think, the easiest riding car on the market. The Six-40 in Phaeton and Roadster at \$1750, and in Cabriolet at \$1950. All cars, of course, are electrically started and lighted, left side drive, center control, gasoline tank in cowl dash. ## RHEUMA WILL STOP URIC ACID DEPOSIT

Rheumatic Complications Checked and the "Human Sewers" Restored.

The Kidneys, Bowels and Skin are the "human sewers" which carry off the impurities in the blood. When these are clogged Uric Acid sediment lodges in the muscles and joints and Rheumatism follows. RHEUMA, the great remedy for all forms of the terrible disease, checks the deposit of Uric Acid.

"I suffered from Rheumatism for six years. Tried different doctors, with no relief. I have taken three bottles of RHEUMA and am entirely free from the disease."—P. W. Miller, Catawissa, Pa.
